Food allergy card

I have a severe food allergy to:

SESAME

This includes sesame oil, sesame seeds on bread, tahini, hummus, halva and za'atar.

Even a small amount, or food that touched it on a shared surface, pan or fryer, can make me very ill.

Please check every ingredient, sauce, oil and garnish in my meal.

If you are not sure, please tell me. I will happily choose something else.

Thank you for your help.

This card is for restaurants. For packaged food, PlatePal scans the barcode and flags your allergens in seconds.
